COUNTY COMMISSIONERS

#242769 JULY 2, 2010
JULY 9, 2010

ITB 170-0-2010/AT C-476B Resurfacing Mandatory Pre-Bid Meeting held on July 12, 2010 at 2:00pm in the Public Works Conference Room located at 319 E Anderson Avenue, Bushnell, FL 33513.

Amanda Taylor was present to represent county staff. Jane Caldera and Jeremy Leslie were present to represent Volkert Inc.

Amanda stated this meeting was mandatory so everyone needed to make sure they signed in for their company. If the company was not present and submitted a bid, their bid would be rejected. Amanda reviewed date deadlines: the question deadline is July 19, 2010 at 5:00pm; bids are due August 2, 2010 at 11:00am and will be opened at 11:05am in Room 142 located at the Government Offices, 910 North Main Street, Bushnell, FL 33513; the Selection Committee will meet on August 6, 2010 at 10:00am in Room 142; the recommendation from the Selection Committee would be made to the Sumter County Board of County Commissioners on September 14, 2010. Amanda stated there was not an estimated budget amount available for this project. Amanda turned the meeting over to Jane and Jeremy.

Jane stated this was an ARRA project but was different from the previous ARRA projects because this project involves widening. This project calls for milling and resurfacing, new shoulder widening, and turn lane improvements. The turn lane improvements are at the National Cemetery and at the Sumter Correctional Institution. Detailed plan sheets are provided on Demand Star. There is a 100% requirement for the payment and performance bonds on this project. FDOT will be involved with the monitoring of this project. All ARRA reporting requirements apply to this project. If any level or over build is needed it will be paid for under pay item for the structural course. This project is milling for depth not cross slope. Use FDOT specifications for asphalt materials. A typical detail has been provided for the driveway tie-ins. All required paint markings are to be paid under the lump sum pay item for Painted Pavement Markings, Final Surface. Two applications of RPM's (one temporary one permanent) are to be paid for under Painted Pavement Markings, Final Surface. No construction trailer is required. Signs must be posted as stated and the project duration is 150 calendar days from receipt of the Notice to Proceed. All existing guardrails will be replaced and will be returned to Sumter County. Millings that are removed can be kept by the contractor; they will not come back to Sumter County. No FDOT permits are required for this project. The contractor is required to obtain the NPDES permit; all costs related obtaining NPDES permit shall be pay for under SP-01, FDEP/NPDES Plan & Permit.

The meeting adjourned at 2:20pm.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

Phone No. (850)-379-8116 FBI# 59-1683951

II. AFFIRMATIVE ACTION METHODS

In order to formulate a realistic Affirmative Action Plan, C. W. ROBERTS CONTRACTING, INC. has identified the following known barriers to participation by disadvantaged subcontractors, before describing its' proposed affirmative action methods:

1. Lack of qualified disadvantaged subcontractors in our specific geographical areas of work;
2. Lack of certified disadvantaged subcontractors who seek to perform Florida Department of Transportation work;
3. Lack of interest in performing Florida Department of Transportation contracts;
4. Lack of response when requesting to bid;
5. Limited knowledge of Florida Department of Transportation plans and specifications to prepare a responsible bid.

In view of the barriers to disadvantaged businesses stated above, it shall be the policy of C. W. ROBERTS CONTRACTING, INC. to provide opportunity by utilizing the following affirmative action methods to ensure participation on contracts with the Florida Department of Transportation. C. W. ROBERTS CONTRACTING, INC. will;

1. Provide written notice to all certified DBE subcontractors in the geographical area where the work is to be subcontracted by the company;
2. Advertise in minority focused media concerning subcontract opportunities with the Company;
3. Select portions of the work to be performed by DBE's in order to increase the likelihood of meeting contract goals (including, where appropriate, breaking down contracts into economically feasible units to facilitate DBE participation);
4. Provide adequate information about the plans, specifications, and requirements of the contract, not rejecting subcontractors without sound reasons based on a thorough investigation of the capabilities;
5. Waive requirements of performance bonds where it is practical to do so;
6. Attend pre-bid meetings held by the Department of Transportation to apprise disadvantaged subcontractors of opportunities with the Company;
7. Follow up on initial solicitations of interest to DBE subcontractors to determine with certainty whether the DBE is interested in the subcontract opportunity.

C. W. ROBERTS CONTRACTING, INC. understands that this list of affirmative action methods is not exhaustive and will include additional approaches after having established familiarity with the disadvantaged subcontracting community and/or determined the stated approaches to be ineffective.

III. IMPLEMENTATION

On contracts with specific DBE goals, C. W. ROBERTS CONTRACTING, INC. will make every effort to meet contract goals as stated by utilizing its' affirmative action methods. On projects with no specific goals, the Company will, as an expression of good faith, seek to utilize DBE subcontractors where work is to be subcontracted.

IV. REPORTING

C. W. ROBERTS CONTRACTING, INC. shall keep and maintain such records as are necessary to determine the Company's compliance with its' DBE Affirmative Action Plan.

The Company will design its' record keeping system to indicate the following:

1. The number of DBE subcontractors and suppliers used by the Company, identifying the items of work, materials and services provided;
2. The efforts and progress being made in obtaining DBE subcontractors through local and community sources;
3. Documentation of all contracts, to include correspondence, telephone calls, newspaper advertisements, etc., to obtain DBE participation on all Department of Transportation projects;
4. The Company shall comply with the Florida Department of Transportation's requirements regarding payments to subcontractors including DBE's for each month (estimate period) in which the companies have worked.

V. DBE DIRECTORY

C. W. ROBERTS CONTRACTING, INC. will utilize the DBE Directory published by the Florida Department of Transportation.

The Company will distribute Form Number 275-030-01, Schedule A Certification Form Number 1, to potential DBE contractors and assist in their completion.
